INNOVATIVE SOUND SYSTEMS

FEATURES

M SERIES FULLRANGE SPEAKERS

2-Way Multifunctional Fullrange Speakers

The passive M-Series loudspeakers are uncompromising and multifunctional fullrange and monitor speakers. Equipped with modern chassis technology and perfect tuned passive crossovers, the M-Series can deliver outstanding sound quality and very high dynamic. Ideal to use as front loudspeaker, delay, monitor, frontfill on large stages or in high grade installations. Compatible to all M-Series active and passive Bass Systems.

Die passiven Lautsprecher der M-Serie sind kompromisslose und vielseitig anwendbare Fullrange Systeme und Monitore. Durch den Einsatz modernster Chassis Technologien und perfekt abgestimmten passiven Frequenzweichen überzeugt die M-Serie mit hervorragender Klangqualität und enormer Dynamik. Ideal eingesetzt wird die M-Serie als Front Lautsprecher, Monitor, Delay, Frontfill bei größeren Bühnen und bei hochwertigen Installationen. Kompatibel zu allen M-Serie aktiv und passiv Bass Systemen.

- ▶ HF compression driver with 1.5" exit
- ▶ PM4 polymer voice coil technology
- ▶ 60° x 40° nominal coverage
- ▶ Airflow optimized front grill
- ▶ Compact design
- ▶ Speaker stand adapter
- ▶ Ergonomic grip handles
- ▶ Rotatable horn
- ▶ 2 x 10mm rigging points for UMB brackets
- ▶ 13 additional M8 rigging points
- ▶ NOVA Polyurea finish

M 12 and M 15 is now available

CX6WP OUTDOOR SPEAKER

- ▶ Weatherproof cabinet IP 65 (international protection rating)
- ▶ NOVA POLYUREA coating for long lasting permanent installation
- ▶ Galvanized and anodized steel front grill / robust steel U-bracket
- ▶ One NOVA 6" high-performance LF transducer with 2" voice coil
- ▶ One NOVA high-precision 1" IT© driver with 1.75" voice coil
- ▶ 90° x 90° dispersion (HxV)
- ▶ 20° enclosure sides for array configurations
- ▶ NOVA SUPRA-PTC compression driver protection
- ▶ U-bracket for single use included in delivery
- ▶ Optional array adapter (0°, 5°, 10° and 15°) for cluster application

The Weatherproof CX Series (WP) are passive 2-way systems, specially designed for high quality indoor / outdoor installations. All CX speakers are equipped with high power coaxial speakers for outstanding sound quality and perfect directivity control. The cabinets are made from plywood with a special weatherproof coating (Polyurea and Fibre Glas) to reach the International Protection Rating IP65.

For easy installation a strong mounting bracket with 5° angle adjustment (CX15WP) is included as a standard. For Array applications the CXA array adapter is available as an accessory. The CXA adapter allows the installation of up to five CX speakers in a vertical line.
